We take a bespoke approach for every client depending on the nature of your business. Our qualified accountants are veterans in this sector and we are assuring you about high quality of the job we undertake.

Vat Returns

If your organisation is VAT Registered, you are required to submit VAT Return every quarter even if you do not owe any money or not entitled to any refund from HMRC.We can ensure you always pay the right and fair amount of VAT on your operating activities and work out a rate that is appropriate of your circumstances and you do not end up payingmore than you should.

Payroll & CIS Services

Payslips, P60 and P45 PAYE (RTI) Return National Insurance

Taxation

Our tax return services can assist you in reducing your tax bill at the same time being fully compliant with HMRC taxation rules. Our Taxation team will provide you with comprehensive tax planning including any tax relief scheme and tax efficient expenditure to give your business competitive advantage over your competitors.

Import and Export Advisory

Advisory Services

If you are involved in import and export activities across the national border, you expose yourself to a high regulatory compliance risk particularly if you start dealing with a new jurisdiction that you haven't dealt before. It is always good idea to seek an expert advice on all regulations you have to be compliant with, the cultural trading differences you may tace and how it is going to affect your VAT Peturn in UK and in abroad. We also provide Tax Investigation service. If you or your firm have received notice of tax investigation or considering appeal against any tax charges, you are

likely to need a qualified tax advisor (preferably a Chartered Tax Adviser) to represent your full tax affair to HMRC. Dealing with a tax investigation is always an exhausting and expensive procedure.Last thing you want is to be levied with a hefty tax penalty. Our tax advisors are qualified with experience to deal with tax investigation and appeal to HMRC. Contact us immediately if you received any tax investigation notice or have been charged with a tax penalty.

Management Accounts

A business plan is a comprehensive plan to help you develop, grow and manage your business going forward. A detail business plan includes your existing and future business performance in a current and projected economic environment. A plan also envisaged which strategic direction your company will move going forward. Having a structured set of objectives will help you develop your business as you will know exactly where you want your business to be. Business plans are also important to secure any prospective funding. Any prospective lender would love to see what your strategies for the future and if they are investing in a strong project. Having a cutting edge business plan will demonstrate them that your business is worth considering for investment. Al Acumen Accountants, we can assist you with preparing a comprehensive business plan that will allow you to benchmark your business performance and can serve other purposes. Cash flow statement gives information about your company's cash position. There are two

- 1. Historical Cash flow statement.
- 2. Prospective cash flow statement.

Pension Scheme

types of cash flow statement.
